

How can I **get involved** as an education provider?

Sign up as an organisation on eures.europa.eu/droppin. Use our search function to identify potential partners for joint ventures. Or let our Relationship Managers facilitate a connection by introducing you to organisations with similar aims.

We'd love to hear your ideas on how Drop'pin can work better for young people, and the educators who support them. Email empl-droppin@ec.europa.eu and talk to us.

Let us help!

If you need any support, or would like to hear more about how we can help you to find and form partnerships, email empl-droppin@ec.europa.eu and one of our Relationship Managers will be in touch with you as soon as possible.

Help European students boost their **employability**

For education providers

Guide

students to the many post-school, pre-work opportunities available to them all over Europe and help them discover ways to improve their work-readiness

Partner

with employers, schools and other organisations to develop shared programmes for students to learn more, see more, and do more

What is Drop'pin?

Drop'pin is the place where young Europeans can discover opportunities to improve their employability and bridge the gap between education and a future career. This new project, led by the European Commission, aims to connect them with a range of opportunities across Europe to boost their employment chances, such as apprenticeships, traineeships, training programmes, e-learning courses, language training, coaching and mentoring, etc. The platform brings young people closer to organisations so that they can improve their skills and get an insight into the world of work.

Drop'pin is also a networking tool. For those working with young people in vocational and educational training (VET), it is the perfect place to connect with each other and join forces to create programmes and initiatives. By coming together to form creative partnerships, educators, in collaboration with businesses and other organisations, can develop innovative solutions to help bridge the skills gap in the European labour market.

Drop'pin, reach out and inspire young people to go far.

How can I use Drop'pin?

As an **education provider**

Help students to develop their skills.

Drop'pin offers a range of free, high-quality opportunities for students to add to their skills and prepare for the competitive world of work.

Show them the range of options available.

Whether they'd be better-suited to an apprenticeship, a traineeship or language training, Drop'pin has it all and more.

Partner with organisations to create new opportunities.

Connect and team up with others in the field of education, and with businesses, to share knowledge and create new programmes.

As a **young person**

Browse for opportunities.

Search for opportunities from across Europe in organisations eager to help young people improve their employability and boost their skills.

Register.

By registering on the Drop'pin site, you will be able to customise your experience. Follow organisations, upload your CV and receive opportunities that match your profile and interests on your personal pinboard.

Participate.

Become part of the supportive Drop'pin community. Discuss with other Drop'pin users and share experiences in the forum and get advice, information and inspiration from the blog.
