Jobs at BearingPoint formerly infonova

BearingPoint is one of Europe's leading management and technology consultancies. In Austria we are based with our information technology subsidiary, formerly Infonova, with more than 400 specialists. Here we provide technology and business solutions and services to Communication Service Providers and other industry verticals for business transformation in the new Digital Economy. We are looking for the best people for our exciting national and international projects.

Our criteria for the selection of new employees includes technical excellence and a creative mindset, however we also place strong importance on team mentality as it is essential our teams can work well together to produce the results our clients deserve. You can expect versatile and interesting assignments with a high personal responsibility and very good educational opportunities. Good co-operation and social interaction are essential elements of our philosophy. Therefore, we offer our employees scope for development to integrate all personal strengths in an international field of activity.
