Design your own career.

We are one of the leading Management and Technology Consulting companies, servicing clients globally. In Austria we support our customers with more than 400 specialists as BearingPoint Technology in agile software engineering and consulting projects. We are always looking for qualified people ready to take on exciting international projects.
Develop [yourself] with us!

Software Support Engineer (m/f)

Your future areas of responsibility include:

- Together with colleagues, the responsibility of customised developed Enterprise Applications
- Work on preventative arrangements to guarantee the functionality and availability of systems
- Fault indications - organising technical analysis and working on solutions with specialists
- Managing the problem life cycle from first analysis, to the requirement to the development department, and to the coordination of organisation of the change with the customer

Your qualifications:

- Completion of IT education or comparable qualification with working experience
- Good general technical understanding
- Readiness of mind, independent and working ethic conscientious
- The ability to work in a team and strong communication skills
- Experiences with SQL and Oracle are an advantage - you heard of INNER JOIN, GROUP BY, DDL and DML before
- Basic knowledge in Unix/Linux - ssh, less, sftp, grep and find are not foreign words to you
- Basic knowledge of programming and experience with Java would be of advantage (you have seen a NullPointerException before)
- Experience with Application Server is beneficial

Our Offer:

You can expect versatile and interesting assignments with high personal responsibility and very good educational opportunities. Good co-operation and social interaction are essential elements of our philosophy. Therefore, we offer our employees scope for development and to integrate all personal strengths in an international field of activity.

Due to regulatory reasons, we advise you that the collective agreement stipulates a salary starting at EUR 32.648,-- gross/year for this position, but of course offer overpayment.

Are you interested? Please apply with your complete application online or via E-Mail.
