

INFONOVA is an international information technology company and one of the biggest IT employers in Styria with 350 employees at the headquarters in Premstätten/Graz and Vienna.

We are specialized in providing technology and business-oriented solutions and services to telecommunications, media, utility and convergent industries.

We are always looking for the best people for our exciting national and international projects.

Develop [yourself] with us!

To strengthen our headquarters in **Graz** we are looking for

Software Tester (m/f)

Your responsibilities comprise:

- Responsible for the quality of software deliveries on Scrum team level
- Definition and review of the quality criteria of software packages created during a Sprint
- Development and execution of test cases and test scenarios
- Testing of non-functional requirements in regard to performance, security & usability
- Continuous identification and implementation of quality improvements on Scrum team level
- Support of test automation processes like the evaluation of test cases for test automation
- Strengthening quality awareness in the Scrum team

Your strengths:

- Experience in testing in a software (ideally Java) development environment
- Excellent understanding of software quality and usability of software products
- Experienced in testing of critical business processes (ideally in the telecom sector)
- Experienced in risk based testing methods and techniques
- ISTQB Certification (minimum Foundation Level) or similar
- Quick learner with an interest in the functionality and business processes of software solutions
- Excellent communication skills (spoken & written) in English and German

Benefits:

Become an important role within a high professional SW development team. Work together on bleeding edge technologies in a high motivated environment. You can expect versatile and interesting assignments with a high personal responsibility and very good educational opportunities. Good co-operation and social interaction are essential elements of our philosophy. Therefore, we offer our employees scope for development to integrate all personal strengths in an international field of activity. We look forward to welcoming you!

We offer an attractive salary (represented by the blue chart) dependent on your qualifications and professional experience. Due to regulatory reasons we advise you that the collective agreement stipulates a salary starting at EUR 2.302 gross/month for this position, but of course offer overpayment.
