

We belong to the **Digital Enablement and Information Technology teams**

Transforming the **CEMEX Way of working through digitalization** is our key priority

Located in Prague, we maintain a global impact and a multicultural mentality

**Are you up for a challenge?** Check out who we are looking for and apply **for our international TRAINEE PROGRAM**

## Why CEMEX?

Why not? Now, is a great time to be at CEMEX **as we are well-positioned to grow and succeed**. We are a dynamic organization providing unique development opportunities for employees as we understand that **our biggest advantage are our people**.

Using the latest technologies, we develop innovative business processes designed to improve our commercial operational model and operational excellence in constantly changing markets. **Our Digital Enablement and IT teams are constantly evolving, researching, designing, implementing new technologies and global processes** to streamline operations in CEMEX.

We are passionate, technically savvy, energetic people who **love challenges and learning**. Our teams are multinational with people from all over the world, **enjoying the benefits of a diverse community**, creative in solutions and approaches. We work and coordinate projects as a chain, with every link being equally important in **creating value for the business** and our customers.

At CEMEX, we are not just building the future, **we are building a digital future**.

### What's in it for YOU?

- A unique chance being part of the most important IT project in the history of the company and an opportunity to contribute to building our new future
- Work in a modern and cool design office in Prague
- Responsibilities and tasks with global impact in a multicultural environment
- Designing, developing and suggesting solutions – no maintenance or ticketing
- A broad range of opportunities for personal growth
- Notebook and mobile phone for both business and private use within the CZ
- Other benefits: coffee, tea & soft drinks, fresh fruit & vegetable every day, fully covered meal vouchers, 5 weeks of holidays, regular massages at work, pension contribution, FlexiPass, Multisport Card, etc.)
