

INFONOVA is an international information technology company and one of the biggest IT employers in Styria with 350 employees at the headquarters in Unterpremstätten/Graz and Vienna. We are specialized in providing technology and business-oriented solutions and services to telecommunications, media, utility and convergent industries.

We are always looking for the best people for our exciting national and international projects.

Entwickeln Sie [sich] mit uns!

To strengthen our headquarters in **Graz** we are looking for

(WEB) FRONTEND SOFTWARE ENGINEER (m/f) Vollzeit/Teilzeit

Your responsibilities comprise:

- Tasks within the whole application lifecycle from requirements analysis through to implementation and delivery of software components
- Conception and development of Web (UI) front end and business components
- Bringing together business processes and the front end via web-service-interface
- Development of concepts and solutions while working closely with software architects and supporting the developmental team
- Software quality assurance through unit and acceptance tests
- Management of the software implementation and communication of results to the product owner and end customer

Your strengths:

- Completion of technical education
- Focus on innovation and solutions as well as the ability to communicate
- Experience in developing web interface (UI) front end applications with relevant technologies such as JavaScript, AngularJS, NodeJS, REST, HTML/JQuery, CSS
- Experience with agile development (Scrum/XP), test-driven development and continuous integration – experience in object-oriented Java development and SQL would be an advantage
- Good skills in German and English (written and oral)

Benefits:

We develop with "Scrum", an agile procedure model which demands teamwork and communication and therefore offers a pleasant working environment. You can expect versatile and interesting assignments with a high personal responsibility and very good educational opportunities. Good co-operation and social interaction are essential elements of our philosophy. Therefore, we offer our employees scope for development to integrate all personal strengths in an international field of activity. We are looking forward to welcome you!

We offer an attractive salary (represented by the blue chart) dependent on your qualifications and professional experience. Due to regulatory reasons we advise you that the collective agreement stipulates a salary starting at EUR 2.272 gross/month for this position, but of course offer overpayment.
