

THE RECRUITMENT FAIR DEDICATED TO STUDENTS AND YOUNG PROFESSIONALS, UNICAREERS.LU – 5th Edition
FRIDAY, 28th SEPTEMBER 2018 – 10am to 5pm
LUXEMBOURG, LUX EXPO THE BOX

One Day To Find Your Match

The wager of Unicareers.lu

For the 5th edition, the recruitment fair Unicareers.lu will welcome students looking for an internship or young professionals (up to 5 years of experience) seeking a (first) job opportunity.

A unique chance to interact and to discuss about job openings with employers from the Grand Duchy of Luxembourg and to gain valuable information about its singular job market.

This year, the wager of the event is to bring together more than 150 companies, training organisations and hundreds of young recruits from various backgrounds: from BTEC Higher National Diploma to Bachelor, Master degree, MBA, to postdoctoral level. This enables everyone to find a project that suits their profile.

One aim: match the needs!

Since 2007, Moovijob has been following the new recruitment trend: combining recruiting events and matching (Moovijob Tour fairs and Plug&Work evenings). The company is working towards employment like an institution and has taken the lead within the Greater Region. Unicareers.lu falls within this framework, since it has been reinforcing youth employment in the Grand Duchy of Luxembourg for 5 years now.

Since its launch, the recruitment fair Unicareers.lu has made it possible for thousands of young workers to discover, often for the first time, the Luxemburgish labor market. Besides degrees and resumes, personality assessment and face-to-face encounters count more than never and place everyone on an equal footing.

A fair divided into thematic areas:

2,500 offers (trainings, internships, jobs) will be offered by the exhibitors, spread across thematic areas: Banking-Financial Services-Insurance, Audit-Accounting, Legal, IT-Consulting, Engineering-Industry-Transport, Sales-Retail, Services-Training, but also Research & Development.

What's in it for you?

- One day to inquire about current vacancies among dozens of firms.
- The event enables you to meet the Greater Regions' main training organisations.
- It is an excellent occasion to develop your professional network and to secure a job.
- Recruiters are often less formal and more approachable during the event than in a classical interview.

The poster for the Unicareers.lu recruitment fair features the event's logo and the text: "THE JOB FAIR DEDICATED TO STUDENTS & YOUNG PROFESSIONALS". Below this, it says "Find your internship or your job in Luxembourg!". A central graphic shows "130 ATTENDING COMPANIES" and "+2,500 JOBS TO SECURE". It also mentions "MANY CONFERENCES AND THEMATIC WORKSHOPS" and "FREE SHUTTLE BUS (depending on the number of participants)". The event details are: "Friday, September 28th 2018, Luxexpo The Box - Kirchberg". At the bottom, logos for ING, Deloitte, Luxair, moovijob, and Université du Luxembourg are displayed. A small text at the bottom reads "Information et Registration on unicareers.lu".
