Opportunities At Unisys

Enhancing and Advancing Your
Life and Your Career

Unisys - A History of Excellence

Unisys is a worldwide information technology company. The 139-year history of Unisys is one of reliable, technically excellent, tenacious people – people helping businesses and governments protect their assets and apply information technology to achieve new levels of competitiveness and success.

We specialize in helping clients secure their operations, increase the efficiency and utilization of their data centers, enhance support to their end users and constituents, and modernize their enterprise applications.

To provide these services and solutions, we bring together offerings and capabilities in outsourcing services, systems integration and consulting services, infrastructure services, maintenance services, and high-end server technology.

With approximately 22,500 employees, operating across five regions and in more than 85 countries, Unisys serves commercial organizations and government agencies throughout the world.

Excellent service to clients is one of our key differentiators - it leads to client satisfaction, helps build our reputation in the industry and contributes to the bottom line.

Why work at Unisys

Unisys Global Services **Hungary** opened its **Budapest** office in January 2007 and a second office in Pécs in 2012.

As part of the Unisys team, you'll gain the experience of being involved with solving some of the most complex problems facing today's business world, while gaining new knowledge, skills, and experience.

We offer a competitive compensation package and the exciting opportunity to be part of a rapidly growing international company. Unisys actively rewards and recognizes those employees who are the source of our excellence. At Unisys you'll find plenty of opportunities to take your career to the next level.
